WE ARE *Builders, WE ARE Dreamers,* WE ARE CRAFT LakeCity®

Welcome to the 10th Annual Craft Lake City® DIY Festival® Presented by Harmons and Mark Miller Subaru. Thank you for celebrating 10 years of DIY with us!

I am humbled by the fact that this weekend marks the 10th year of the Craft Lake City DIY Festival. I created the DIY Festival in 2009 with the help of numerous volunteers, 72 local artisans, 2,000 attendees and a dozen musical acts in downtown Salt Lake City. It quickly became apparent that this event could play a significant role in growing and elevating Utah's creative culture. Today, the DIY Festival attracts 20,000+ attendees over three days, 250+ local artisans, craft foodies, vintage vendors and DIY engineers, over 50 performers on two stages and local food vendors. Our event has become a small business incubator and catalyst for entrepreneurs to sell their handmade wares or prototype their science and tech projects with the public.

Thank you for your support of the Craft Lake City community. We look forward to sustaining and improving upon our growth, celebrating Utah's creative community, fostering community inclusion, supporting and elevating local makers, and inspiring folks to seek out their own avenues of creative fulfillment, appreciation or entrepreneurship.

We hope your festival experience has inspired you to build your creative dreams into existence.

Onward!
