HARMONS WORD OF WELCOME

Welcome to Craft Lake City's 14th Annual DIY Festival.

We couldn't be more excited to be back together in full force this year supporting Craft Lake City's 14th Annual DIY Festival. Each year, this event is a reminder of the talent and creativity thriving in our home state of Utah. As a local business ourselves, we understand the commitment required to pursue a dream of starting something from the ground up. Whether that dream is a craft chocolate shop, a jewelry store or a pottery studio, this year's event helps us come together and, once again, celebrate and explore creativity in all its forms.

It's not just about the unique items you'll find at the festival. As you peruse the shops, take a minute to talk to these crafters, dreamers and doers who have shown up to tell their story and share their passion. Ask and listen—you will hear countless origin stories that may just inspire a new generation of DIYers. These origin stories also take us back to our roots—90 years ago, my grandparents started out much the same way—as a corner fruit stand with a mission to bring fresh produce to our community.

Thank you for spending your day or weekend with us. You are as much a part of this story as the crafters you'll meet here. Without you, we wouldn't be a success. I'd also like to express my thanks to Craft Lake City for welcoming us as a sponsor again this year. It is always an honor to support this event, and I hope you discover something new that both inspires your creativity and helps support our local craftspeople during your time with us.

With Gratitude,

Bob Harmon
