HARMONS
NEIGHBORHOOD GROCER

YOUR FOOD. OUR PASSION.

FOR THE SECOND YEAR IN A ROW, HARMONS IS PROUD TO BE THE PRESENTING SPONSOR FOR THE CRAFT LAKE CITY DIY FESTIVAL.

We started out as a local, do-it-yourself business back in 1932, and though we've grown since then, supporting and providing local offerings here in Utah is something we're still extremely passionate about.

Shopping local means enjoying the extra-fresh flavor of local fruits and vegetables and experiencing the hand-made quality of foods like fresh-made brats and local cheeses. But, it is also a means of supporting others within our community—We think it makes us all just a little bit stronger. That's why 100% of our profits from the festival will be donated to the Utah Food Bank.

We hope you enjoy all the wonderful, local experiences the festival has to offer. If you get hungry, stop by our booth for some delicious food produced right here in our community. And the next time you're shopping at Harmons, look for our Local to Utah symbol throughout the store for some homegrown goodness.

Salt Lake

We're thrilled to partner with Craft Lake City for the 7th annual DIY Festival. It's truly a remarkable opportunity. Over the past seven years, Utah has grown immensely, and so has the crafting community—local craft artisans, craft foodies and craft techies have created many beautiful, delicious and wonderful things here in our state, and Craft Lake City continues to bring all of that together for the public to discover and savour.

Though this is only our second year of joining together as a sponsor of the DIY Festival, Ken Garff Fiat is proud to assist Craft Lake City in opening the doors of DIY culture for the Salt Lake community at large. We hope you will enjoy the Festival as much as we do.

While you're here, we'd like you to try something new. Try something different. Get outside of your comfort zone and have some fun. Be inspired by the things you see here at the Gallivan Center—and then use that inspiration to go out and create things yourself. Perhaps we'll see you back at the Festival as an artisan next year.

Then, before you go, feel free to stop by the Fiat booth—we'd love to hear all about your Craft Lake City experience!

STEM BUILDING

Craft Lake City's DIY Engineer category is one of the public's favorite elements of the Do-It-Yourself Festival. DIY Engineers are housed in Google Fiber's Science, Technology, Engineering and Math (STEM) Building on Gallivan Plaza. We at Craft Lake City are dedicated to empowering DIY Engineers interested in STEM-based work with educational opportunities and programming at the Craft Lake City DIY Festival and at other events and workshops.

DIY Engineers display interactive science projects, inventions, incubator, modular synths, prototypes and technology projects. Craft Lake City also partners with local businesses, educational institutions, non-profit organizations and government agencies to showcase STEM based programs. We provide workshops for both adults and children throughout the year.
