SUNDAY ONLY: DIY MOTORCYCLE EXHIBIT

CURATED BY SALTY BIKE REVIVAL

Hand-built motorcycles are the ultimate version of craft. Combining creativity, ingenuity, science and technology—self-engineering a motorcycle is an art form all its own. DIY motorcycles are an affordable and accessible project with endless opportunity for creative expression. Builders have their own personal goals for customizing their bikes according to taste, style, thirst for speed or daily riding.

Craft Lake City has partnered with our friends at Salty Bike Revival to curate a special, Sunday-only exhibition of DIY Motorcycles.
