CRAFT LAKE CITY

DIY FESTIVAL

Presented by

**WHOLE

MARKET

TROLLEY SQUARE

FRI. AUG. 9 & SAT. AUG. 10, 2013

welcome to **CRAFT LAKE CITY!**

Craft Lake City seeks to strengthen and support the Utah Do-It-Yourself (DIY) movement through various activities throughout the year, such as monthly artist workshops, public work exhibits, and our largest event, the annual Craft Lake City DIY Festival, featuring Utah-only artists, with no admission fees for the public.

Craft Lake City is excited to announce that we are officially a 501(c)(3) nonprofit organization, putting us in an even better position to serve the local DIY community. We have expanded the number of artist workshops we offer to the public, which are designed to bring the tools of self-sufficiency to the community by teaching them how to create their own inspiring, customized works of art. Please see p. 22 of our program for more information on our artist workshops. We are also thrilled to be able to expand from a one-day to two-day format this year, which we attribute to the local community's growing enthusiasm for DIY art and the Craft Lake City DIY Festival.

As a volunteer-run organization, We depend on sponsorships and grants to support expansions like these, keep artist entrance fees low and keep the festival free to the public. This year, Whole Foods Trolley Square is the presenting sponsor of the 5th Annual Craft Lake City DIY Festival. Whole Foods Trolley Square will be generously contributing 5% of their profit to Craft Lake City from the Whole Foods Trolley Square store on Tuesday, Aug. 13. We encourage all local DIY enthusiasts to stop by and shop at Whole Foods on this day and peruse their amazing selection of food and other items designed to support healthier, eco-conscious lifestyles. We would also like to thank all the local and national businesses, foundations and volunteers that have supported Craft Lake City since 2009 and made the execution of this festival possible year after year. We encourage local and national businesses, foundations and private individuals to consider make a tax-deductible charitable donation to Craft Lake City this year as part of your community giving goals.

Please enjoy perusing and purchasing from the 200+ incredibly talented artisans and exhibitors at this year's festival, absorb the DIY Engineers' science and technology exhibits in the Craft Lake City Science and Technology Building, pick up a tasty treat from one of the festival's food trucks and vendors, stop by the Kids' Area with your families, and, if you have time, take a walk on 300 South between 200 West and 200 East to enjoy the Craft Lake City artists exhibiting on sidewalk plakats (steel frames) just outside festival boundaries.

We hope you enjoy our 5th annual Craft Lake City Festival and come away inspired with ideas on how to create, enjoy and use local art and technology in your own life!

ANGELA H. BROWN

Executive Director
Craft Lake City 501(c)3

Dear Craft Lake City DIY Festival Attendees,

What a great opportunity for Trolley Square Whole Foods Market to partner with Craft Lake City! Trolley Square Whole Foods Market has a great opportunity to support Craft Lake City Do-It-Yourself Festival during our monthly Five Percent Day, when we donate 5% of our daily profits to a local nonprofit. We encourage Craft Lake City attendees to shop at Whole Foods the Tuesday after the festival, on Aug. 13, 2013, to support this wonderful local event.

We are so fortunate to live in a city where talents abound and give way to great food, great crafts and great art. The Craft Lake City DIY Festival has opened a door which allows each of us to experiment, experience and enjoy all that DIY can offer. This exciting festival will inspire you to take chances on some of the crafts you may have hesitated to try, expose you to many projects you may have never considered, and introduce you to the many talented people that contribute to the DIY culture of our community.

For nearly three years, Trolley Square Whole Foods Market has had the privilege of serving the Salt Lake Valley and surrounding areas. It is thrilling for us to see local artisans perfect their crafts and share the fruits of their talent with all of Utah. Local artisans are a major part of the Whole Foods Market brand, and our mission to provide our customers with tasty and unique items directly from our own community falls in line with what Craft Lake City offers with its DIY Festival.

So, experiment, experience and enjoy the artisans Craft Lake City has brought together! Throw caution to the wind, and allow your inner foodie and your inner crafter to relish in the possibilities!

CRAFT LAKE CITY'S SCIENCE & TECHNOLOGY BUILDING

DIY ENGINEERS

Last year, we expanded the definition of the word “craft” by launching a new category for the Craft Lake City DIY Festival—DIY Engineers. Exhibitors in this category will present and vend items that they made by hand using science and technology tools.

This year’s highlights include circuit-bending, robotics, futuristic amplifiers, LED fiberoptic art, 3D printing, gaming, computer animation, free classes taught by EnjiGo, stomp rockets, mini-light sabers and much more. Participating companies include GoEngineer, The Leonardo, SpyHop and Explore Utah Science. Below are details on two exciting Science & Technology events (both new this year!) that Craft Lake City is happy to present.

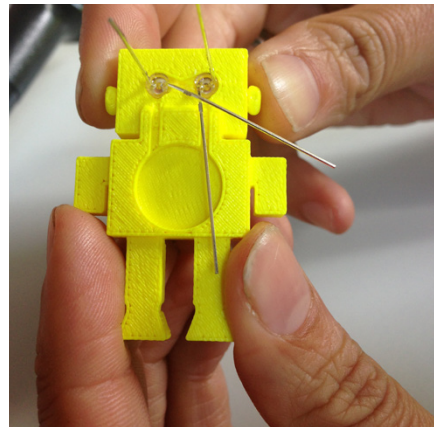

SATURDAY’S SUMO BOT COMPETITION 12 P.M.–4 P.M.

This competition, run by Michael Anderson of EnjiGo and Robot Fanatics, with help from Peter Reed, will take place on Saturday from 12–4 p.m. with winners and prizes announced shortly thereafter. The crew of the Geek Show Podcast, one of Utah’s longest-running podcasts on movies, pop culture and more, will judge the competition. Geek Show

Podcast Panelists Kerry Jackson, Shannon Barnson, Jimmy Martin, Jay Whittaker and Jeff Vice will be on hand to announce and add color commentary to the festivities as minibots compete to prove their superiority over all other bots! Size and weight restrictions apply, giving builders and experimenters a chance to show off their creative skills and an opportunity to overcome mechanical restrictions and challenges. Most bots will “autonomously” run into the ring with the objective of pushing each other out of the ring. The panel will also honor select bots and their makers with specialty awards throughout the day.

3D PRINTED ROBOT LED NECKLACES

Craft Lake City attendees can become DIY Engineers themselves by creating electronic craftworks at this year’s festival. This interactive science and technology craft will be held at the Craft Lake City Information Booth (#26, just southwest of the 90.1 FM KUER Stage), and will consist of making a robot necklace with glowing LED eyes. GoEngineer has printed an army of 3D robot charms, and for a small fee, visitors can learn how to solder LED lights to the robot charms so their eyes light up. A string will then be attached to the robots and participants will be able to take home their very own robot accessory, preserving memories of their en“light”ening day at Craft Lake City DIY Festival 2013 for years to come!

FOOD VENDORS

A variety of local food vendors will be in attendance at CLC DIY Fest along 200 South, including five food trucks making appearances throughout the day.

6:00-6:30 P.M. POLYTYPE

polytypemusic.com

facebook.com/raeremusic

The Femme Medea are a three-piece band of drums, cello melody and vocal beauty playing soulful folk, fronted by SLC drag performer Cartel, the spooky queen Klaus on cello and hetero-fabulous hippie drummer CamJo.

8:00-8:30 P.M. WILDCAT STRIKE

wildcatstrikemusic.com

Psychedelic folk influences and a tinge of blues combine uniquely via piano, '80s metal riffs, solid bass lines, and storied lyrics from the heart. Evoking Billy Crystal, cigarette packets, denim jackets and long days.

9:00-9:30 P.M. DARK SEAS

reverbation.com/darkseas

Originally starting as a four-piece jamming on Joy Division cover songs in a basement, Dark Seas now play original rock with a lush, soulful blues edge à la The Black Keys, a strong '60s psychedelic swagger, and an alt-country twang. Their set is a tribute to their recently passed guitarist, Colton Ericksen.

THE WEEKENDERS play a seductive brand of classic rock and Motown.

90.1FM KUER STAGE PRESENTED BY UNITED CONCERTS

5:30-6:00 P.M. THE SOUVENIRS

thesouvenirs.weebly.com

With their Western roots and a shared affection for classic country music, the Souvenirs are sisters who bring life to a style of vintage country that is all their own. Harmony-laden lyrics take you back to a slower, simpler way of life.

6:00-6:15 P.M. CBR STUNT TEAM

(behind the stage) *youtube.com/cbrstuntteam*

Utah's only stunt team specializes in fight choreography, stunt coordination, parkour and freerunning, tumbling, stunt and precision driving, high falls, fire burns, martial arts fighting, western fighting, and everything you see in the movies. Keep your eyes peeled for them parkouring throughout the plaza in their light blue shirts with the CBR logo.

6:30-7:00 P.M. GLINTING GEMS

If you like shmups, cats, chihuahuas, or walk-in closets, you'll die over Glinting Gems. This smooth, sultry, classy-sounding band would be at home in a 1940s Chicago club, and features members of Red Bennies and SubRosa, along with the prolific Cathy Foy.

7:30-8:00 P.M. BIRTHQUAKE

birthquake.bandcamp.com

As brothers, Birthquake make whimsical electronica rock with genius samples and variations that wrestle and rough-house with one another, bringing about smiles, positive energy, and a banging good time.

5:00-5:30 P.M. THE SOGGY SCOTS

facebook.com/thesoggyscots

The Soggy Scots are two bagpipers playing since 2005 at funerals, birthdays, committee meetings, celebrations, weddings and once, atop a barn. They can play big loud bagpipes or cute little quiet ones, with or without accompaniment.

7:00-7:30 P.M. QUILTS

The electronic music producer QUILTS

(a.k.a. Matt Mateus) creates colorful, stitched-together beats, delicately simmered in hazy melodies, resulting in heart-warming techno made from carefully crafted sounds, new and old.

8:00-8:30 P.M. DUSK RAPS

duskone.bandcamp.com

Dusk One has carved out his own sound with his trademark raspy flow over booming, gritty beats and an energetic live show. He first made noise as part of Salt Lake hip-hop staples MindState, then expanded nationally as a solo act.

CELEBRATION OF THE HAND

July 2013 marks a fruitful one-year partnership between Craft Lake City and Salt Lake City nonprofits The Center For The Living City and The Temporary Museum of Permanent Change. Together, our goal is to beautify, enrich and enliven downtown Salt Lake City spaces through a walkable outdoor gallery titled *Celebration of the Hand*. During this year's festival, seven Craft Lake City artisans will be exhibiting giant-sized, mural-like original art—9 feet by 4 feet—on “plakats” (the German word for billboard). These plakats, permanent steel frames installed adjacent to the sidewalks in downtown Salt Lake City, are located on the North and South sides of Broadway (300 South) between 200 West and 200 East. The Celebration of the Hand exhibit is located just outside Craft Lake City DIY Festival boundaries and will be available for viewing during the festival on Aug. 9-10, and throughout September 2013.

Current participating artisans include:

Christy Montrone-Burns
Colin Roe Ledbetter
Madi McQueen
Marcee Blackerby
Greg Nelson
Mia Vollkommer
Andy Joy Chase

More can be read about each artist at craftlakecity.com/celebration-of-the-hand-exhibit.

CRAFT LAKE ARTIST WORKSHOP SERIES 2013

Craft Lake City conducts workshops throughout the year taught by Craft Lake City artisans. These artist workshops are the bridge between the art that the public sees at our annual Craft Lake City DIY Fest and the participating artisans. The workshops are designed to bring the tools of self-sufficiency to the public by teaching them how to create their own inspiring, customized works of art.

Craft Lake City will conduct two artist workshop series for the rest of 2013: 1) A monthly workshop at West Elm at City Creek; 2) A bi-monthly workshop sponsored by Provo Craft held at various locations in the SLC community. Below is a list of these workshops:

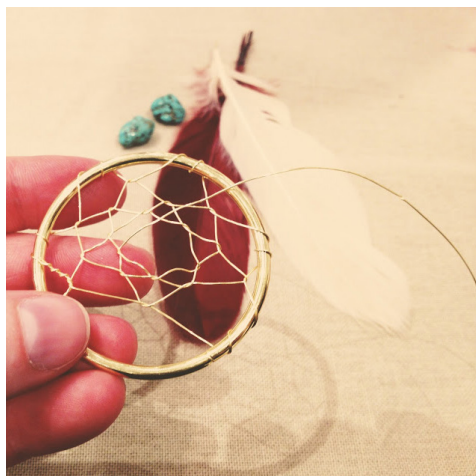

Wed., Aug. 28 – *West Elm presents:* Subin Doegenes will be teaching workshop participants how to hand carve and paint their very own soap flower at West Elm at City Creek, 51 S. Main St., 7-9 p.m.

Thurs., Sept. 26 – *Cricut presents:* Hailey Stephens, one of our teen artisans at this year's Craft Lake City DIY Festival, is teaching Craft Lake City's first children's workshop, for children ages 8-14. Hailey will be teaching participants how to make polymer clay figurines at Discovery Gateway, 444 West 100 South, 5-7 p.m.

Thurs., Nov. 7 – *Cricut presents:* Lars Burrow of Lars Love Letters will be teaching how to make paper from scraps at the Mandate Press, 1077 S. Main St., 7-9 p.m.

Thurs., Nov. 14 – *West Elm presents:* Nicole Choules of Elsa Bags will be teaching workshop participants the basics of cross-stitching at West Elm at City Creek, 51 S. Main St., 7-9 p.m.

There is a \$10 materials fee for these artist workshops, and pre-registration is required. For instructions on how to register for each of these workshops, please see: craftlakecity.com/workshops
